YOU ARE INVITED!

CONFERENCE CHAIR

On behalf of the Executive Committee, it is my distinct pleasure to invite you to **the 4th Annual GCC Plant Maintenance and Reliability Technical Exchange and Exhibition**, taking place from September 2nd to 4th, 2025, in Al Khobar, Kingdom of Saudi Arabia.

Maintrel 4.0 has become a premier platform for industry professionals to exchange insights, explore cutting-edge technologies and drive operational excellence. This year, we focus on the transformative impact of artificial intelligence (AI) in enhancing efficiency, safety and innovation in plant maintenance, while also promoting women's leadership in the sector. The event will feature a dynamic conference program alongside an exhibition showcasing the latest advancements in maintenance and reliability solutions.

We invite you to join us as a sponsor, exhibitor, speaker, or delegate, and be part of this exciting opportunity to connect with key decision-makers, industry leaders, and experts from around the world. Your participation will be instrumental in shaping the future of maintenance and reliability. I look forward to welcoming you to Maintrel 4.0 in September 2025.

AWARDS
2025**

In recent years, the energy and industrial sectors have experienced remarkable advancements driven by innovation, leadership and a commitment to continuous improvement. Professionals in maintenance, reliability and technology are playing a critical role in shaping the future of these industries.

The Maintenance and Reliability Awards recognize achievements of individuals and teams who are transforming the landscape of plant maintenance, reliability and digital transformation. These leaders are setting new standards of excellence, driving progress and inspiring others across the field. Let us celebrate and acknowledge the exceptional efforts of professionals dedicated to advancing the future of maintenance and reliability.
